

Not Wood

E-ggs Design

true

From the success of the NOT family of upholstered armchairs comes the new compact and light version characterized by a curved wooden shell with variable thickness. Available in many finishes: from oak to walnut, from ash to wenge, and in different versions: with tubular metal legs, sled base in steel rod or with solid wood legs. It is stackable, available with upholstered seat pad and can be placed in hospitality, catering and community environments.

Dal successo della famiglia di poltroncine imbottite NOT nasce la nuova versione compatta e leggera caratterizzata dalla scocca in legno curvato a spessore variabile. Disponibile in numerose finiture: dal rovere al noce, dal frassino al wenge, e in diverse versioni: con gambe in tubolare metallico, a slitta in tondino d'acciaio o con le gambe in massello di legno. È impilabile, disponibile con cuscino sedile rivestito e può essere collocata negli ambienti hospitality, della ristorazione e della collettività.
