Cat. Poltroncine, armchairs
 Lounge, lounge chairs

Sey rappresenta un felice sconfinamento di Billiani in un territorio ancora poco esplorato dall'azienda. Disegnata da Emilio Nanni, unisce a una struttura in acciaio con braccioli, leggera e minimale, una scocca tappezzata o intrecciata in cima nautica. Da rassicurante seduta per il contract, Sey diventa così anche il prodotto ideale per l'outdoor, cui s'ispira sia nei colori sia nei materiali.

Sey represents Billiani happily dipping its toe into an area still relatively unexplored by the company. Designed by Emilio Nanni, Sey combines a steel frame with armrests, light and minimal, with upholstery or nautical rope weave. From a reassuring contract chair, Sey thus also becomes the ideal product for outdoors, which inspires both its colours and materials.
